

Education

SVKM'S NMIMS Mukesh Patel, Mumbai	2024 - 2026
Master in Computer Application CGPA: 7.55/10	
B.k. Birla College, Kalyan	2021 - 2024
Bachelor of Computer Science CGPA: 9.04/10	
KM Agrawal College, Kalyan	2020
HSC: 47.85 %	
Sri Vani Vidyashala High School, Kalyan	2018
SSC: 66.00 %	

Projects

Enterprise Project Management System (React + Spring Boot + MySQL) – 2025

Built a comprehensive enterprise project management platform featuring real-time task management, interactive dashboard analytics, and team collaboration tools. The React frontend delivers dynamic project workflows with Material-UI components and Chart.js visualizations, while the Spring Boot backend provides secure JWT authentication and RESTful APIs. Implemented multi-tenant architecture with MySQL database, role-based access control, and automated resource tracking for scalable enterprise-level project coordination.

Diabetes Prediction System (Python + ML + Flask) – 2025

Built an AI-powered diabetes risk prediction system using scikit-learn and Flask with multiple ML algorithms for high-accuracy risk assessment. Implemented comprehensive data preprocessing, feature engineering, and interactive visualizations using Matplotlib/Seaborn for personalized +health insights. Developed robust cross-validation techniques and probability-based scoring system delivering interpretable ML results for healthcare professionals.

Portfolio Website (Remix + React + CSS Modules) – 2025

Built a responsive personal portfolio at rugved-techfolio.com using Remix and React featuring dynamic project gallery, light/dark theme toggle, and animated UI transitions. Integrated EmailJS contact forms and implemented CI/CD with GitHub Actions and Cloudflare Pages deployment for seamless updates across all devices.

Certifications

Microsoft certifications

- Azure fundamentals az-900, Machine learning & AI using Python.
- Cyber security & Ethical hacking, Cloud computing with Azure.

Future technologies certifications

- CCNA - Cisco Certified Network Associate
- MCSA - Microsoft Certified Solutions Associate
- AWS - Amazon Web Services
- Azure, Redhat, Ethical hacking, Python.

CORE SKILLS

Technical Skills: Java, Python, JavaScript, React.js, Node.js, Express.js, Spring Boot, Hibernate, SQL, PL-SQL, MongoDB, Firebase, Version Control - Git, Cloud & Deployment - AWS

Soft Skills: Teamwork, Leadership, Analytical Thinking, Critical Thinking

Achievements and Positions of Responsibility

- General Secretary of the CSI Mumbai Chapter at B.K. Birla College.
- General Secretary & Technical Head for the Intercollegiate Tech-Fest 2024.
